

Thank you for registering to join Wine & Watercolors! We hope you enjoy the program. **The Zoom link is below the supplies info. The presentation will be very visual, so we recommend joining on a computer or tablet, if possible.**

Supplies info:

If you have your own watercolor paper (7" x 10" recommended), paints, and brushes, you may use those. We also have kits available for registrants to pick-up at the library; thank you to Kaleidoscope for putting those together. (Please note, neither BALibrary nor Kaleidoscope are supplying the wine 😊)

- The library is open 9 AM – 9 PM today thru program time.
 - Go to any service desk, tell them you are there to pick up Wine & Watercolors supplies, and give your name.
 - An Adult Services staff member will bring your kit out for you.
 - Kits are limited to BALibrary residents who included their library barcode on their program registration.
-

Good to know:

- Muting yourself during the presentation allows others to hear the speaker more clearly.
- If you turn your camera on, you will be visible to other attendees.

General info about Zoom:

- Controls only appear when you move your mouse (or touch the screen) within the Zoom window.
- We suggest the Speaker view rather than the Gallery view for this program. In the upper right corner, toggle between seeing only the person who is speaking or a gallery of attendees.
 - Whichever view you are currently using, the button shows the option to switch to the other. For example, when you're in "speaker view" the button at the top of the screen will say "gallery view," because it is offering you the option to switch to that. This can be confusing.
